TITLE OF THE PAPER

NAME1 SURNAME1, NAME2 SURNAME2, AND NAME3 SURNAME3

Abstract. Here is the abstract (maximum 100 words). It should contain as few mathematical symbols as possible.

Mathematics Subject Classification (2020): see http://www.ams.org/msc/
Key words: Keyword 1, keyword 2, keyword 3.

1. First Section

Here is the first section.

2. Second Section

We start this section by a definition (see [1]).

Definition 2.1. Here is the definition of the following *object.*

Example 2.2. Here is the example.

The form associated with $p(x,D)$ is defined for $u,v \in \mathcal{C}_0^\infty(\mathbb{R}^n)$ by

$$B(u,v) = \int_{\mathbb{R}^n} p(x,D)u(x)v(x)dx. \tag{2.1}$$

For $u,v \in H^1(\mathbb{R}^n)$

$$|B(u,v)| \leq C\|u\|\|v\|.$$

Proposition 2.3. *Here is the proposition.*

Proof. Here is the proof. □

Theorem 2.4. *Here is the theorem.*

Proof. Here is the proof of theorem. □

Corollary 2.5. *Here is the corollary.*

Proof. By Theorem 2.4 and using (2.1) we find... . □

Remark 2.6. Here is the remark.

References should be listed in alphabetical order by the first author's surname. Authors should include the DOI for every cited paper whenever available.
